

Homework in State Schools

Role of parents and caregivers with homework

Through their Parents and Citizens' Association, parents can have a key role in the development of a school's homework policy.

Parents and caregivers can help their children by:

- reading to them, talking with them and involving them in tasks at home including shopping, playing games and physical activity
- helping them to complete tasks by discussing key questions or directing them to resources
- encouraging them to organise their time and take responsibility for their learning
- encouraging them to read and to take an interest in and discuss current local, national and international events
- helping them to balance the amount of time spent completing homework, watching television, playing computer games, playing sport and engaging in other recreational activities
- contacting the relevant teacher to discuss any concerns about the nature of homework and their children's approach to the homework.
